

# China Professional Supplier

## Conventional extrusion PC profile to Argentina Manufacturer

### Description:

-Quality advantage: Select international material brands of Germany and Japan.

- Professional experience of the same series materials for 16 years to ensure material's stability.
- Better quality for added anti-aging additive in the process.
- Five full-parametric strictly test and a fully parametric sampling from production to delivery and to ensure product quality standards conforms as the standard request.
- Strictly do as the customers' special requirement standards to guaranteed the products quality.

-Technology advantage:

- Special cooling process to reduce the stress of profile products.

-Production advantage:

- extrusion production lines
- Factory covers 20,000 square meters
- 10 extrusion production lines
- Product structure design capability
- CAD / CAM
- Free sample can be provide
- Independent mold design capability
- Commissioning production capacity

- Rich inventories support large or small quantities
- Materials development
- Quality Control by 24 hours

Outside Diameter	15mm 26mm 30mm(Custom-made is available)
Material	PC (Polycarbonate)
Color	Transparent/Translucent/Milky White/Colored
PC Cover Type	Conventional/Ellipse/Flat(Custom-made is available)
Length	100mm,300mm,800mm,1200mm,2000mm or custom
Commend PCB Size	According to specific demand
Commend Driver Size	Driving outlay or both ends upward
Carton Size	as per requirement
Tube Type	T5 T8 T10 (Custom-made is available)
Feature standard	100% eco- friendly,ISO9001:2009/SGS
MOQ	3000m or custom as the request.
