

# High Quality for edge protection for aluminum extrusion profiles for Sudan Manufacturer

## Product description

1. Professional manufacturer for plastic injection mold making, plastic injection products, hardware and rubber parts.
2. Surface finish: sli-screen, polishing, sand blasting, heat treatment, painting, powder coating, anodizing
3. Hardware fittings include stamping like aluminum, stainless steel, and fine machining like copper and others
4. Rubber parts include injection, vulcanization, extrudling and others.
5. Custom package: welcome character package.
6. Supply assembly service, help follow outsourcing piece.

Plastic Products Range:

1. Medical Facilities

2.Auto parts

3.Sport equipment parts

4.Home appliance

5.Electronic device

6.Agriculture plastic parts

7.Industry plastic parts

8. Plastic Toy etc.

10. Hardware parts

11.Good at assembly service

Material	PVC.,ABS, PP, PE, etc
Production process	extrusion forming
Color	Grey, Red,Black, Green, White, transparent etc.
Application	Can be customized in all structures and widely used in building , industry etc
Standard	ISO, SGS
Advantage Feature	High UV-resistant,super solarization resistant environmental protection Easy installation,Water sealing property
Packing	Customized to your requirements
Delivery Time	15 days, The specific time according to the order
Payment	By TT, paypal,
